Curriculum overview

Subject	BTEC Sport Level 3 Diploma	Year group	12			
Vision statement:	At Landau Forte our curriculum exists to ensure all students regardless of background and ability have the opportunity to unlock their potential. We are committed to students being challenged from their previous key stage learning experiences. Our broad and balanced curriculum is ambitious, coherently planned and sequenced, and will provide the platform for preparing students with the foundations for examination success.					
	Our Curriculum Intent has been informed by a wide variety of researchers and the aspiration of our curriculum to empower all learners creating a pathway to	•				
	'A curriculum exists to change the pupil, to give the pupil new power. One acid disadvantaged pupils to clamber into the discourse and practices of educated p		÷			
	As well as excellent academic success we aim to ensure our students leave us a Compassion, Courage and Curiosity are currently being embedded throughout emotional, spiritual and moral obligations.					
Curriculum intent:	The Physical Education department holds a significant position within the Acade of individual disadvantages.	emy. The subject has the capacity to c	ater for all students, irrespectiv			
	The department aims to develop student's independence and resilience through development of practical skills, supported by a knowledge-based approach, we		ehaviours. Through the			
	• Resilience, curiosity and courage when facing challenges in new sports	and in new social settings				
	 Independence and courage in the face of adversity in order to become a Pride in all aspects of their appearance, performance and progress 	organised and resourceful to engage in	n all activities			
	• Knowledge of skills, techniques, tactics and their role showing compass	ion within different contexts				
	• Engaged in all activities, to maximise time spent on each task to further	r progress, understanding and develop	o curiosity			
	We encourage this through an adapted curriculum, to meet the needs of the student's abilities, informed by the local sporting demographic. The students are provided with a knowledge base that would allow them to further their leadership abilities and knowledge for further study in the sport and leisure industry. Students are supported by a broad range of opportunities, both on-campus and in other locations.					
	In essence, we believe that students should be taking responsibility for their own as a product of increased courage, compassion and curiosity.	n learning to overcome barriers in ord	er to achieve their own potenti

Key/Historical misconceptions in this unit:	Spelling of anatomical terms in skeletal and muscular systems: Tibia/Fibular, Agonist/antagonist, Different types postural deviation, Responses/adaptations to each system,	Amount of ATP produced in each system the predominant energy system for different sporting activities, Responses/adaptations to each system.	Interpreting command words in the exam paper: Explain, evaluate, justify, analyse. Distinguishing styles of learning and styles of teaching	Identifying specific and general skills and qualities, Chronology of academic requirements to access chosen career.	Completing application documents: CV, application form etc. SWOT analysis, linking weaknesses, opportunities and threats. Explaining the impact of actions on the chosen career/job role.	Difference between rules/laws/regulations Application of boundary rules in badminton Application of backwards hit and no- ball rules in rounders.	
Sequencing:	We have chosen to sequence the year 12 curriculum like this because of the explicit exam board guidance of an effective assessment plan within externally provided assessment windows for the 4 unit approach. This sequencing allows for synoptic topics to be assessed last and allows for the progression of learner skills and knowledge to apply to external examination situations.						
National Curriculum plus:	In addition to teaching the statutory elements of the national curriculum, we also include wider career opportunities through engagement with interviewing professionals. Students have increased opportunities to practice sports performance and officiating performances. Students are also introduced and trained to use practical health monitoring tests as part of the PAR-Q health monitoring procedure.
