(1) Aims of this Policy

The aims of this Accessibility Plan are to ensure that the Sixth Form continues to work towards increasing the accessibility of provision for all students, staff and visitors to the Academy. The Equality Act 2010 replaces previous discrimination law and provides a single piece of legislation covering all the types of discrimination that are unlawful. This plan seeks to address the statutory requirements of the Equality Act 2010 and to further the aims of our Academy by:

Increasing the extent to which disabled students can participate in the curriculum. This covers teaching and learning and the wider curriculum of the school such as participation in after school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist or auxiliary aids and equipment which may assist these students accessing the curriculum

Improve the physical environment of the Academy to enable disabled students to take better advantage of education, benefits, facilities and services provided. This covers improvements to the physical environment of the Academy and physical aids to access education e.g. enhanced fire alarm systems for students with sensory impairment, disabled or allocated parking spaces etc.

Improve the availability of accessible information to disabled students, staff, Parents/Carers and visitors. This could include:- handouts, timetables, textbooks, information about the Academy and Academy events. This information m should be available in various preferred formats within a reasonable timeframe.

We recognise the need to provide adequate resources for implementing plans and will review annually in respect of progress and outcomes.

Definition of disability

The definition of disability under the law is a wide one. A disabled person is someone who has a "*Physical or mental impairment that has an adverse, substantial and long term effect on their ability to carry out normal day to day activities*"

The definition includes people with a Hearing or Visual Impairment, Cerebral Palsy, Muscular Dystrophy, mental health issues and incontinence. People with ADHD, Autistic Spectrum Disorder, Downs Syndrome and Hydrocephalus are included. Medical conditions such as Cystic Fibrosis, severe Asthma, Diabetes, Cancer, Multiple Sclerosis, Epilepsy, Sickle Cell Anaemia and HIV are deemed disabilities. Facial disfigurement, severe Dyslexia, gross obesity and diagnosed eating disorders are all included.

If a person has been disabled in the past (for example, those recovered from cancer and people with a history of mental illness) they are still covered by the legislation for the rest of their life.

(2) Legislation and Guidance

This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education
(DfE) guidance for schools on the Equality Act 2010.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or

hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for students with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled student faces in comparison with non-disabled students. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

The Landau Forte Academy Accessibility Plan relates to the key aspects of physical environment, curriculum and written information. Whole Academy training will recognize the need to continue raising awareness for staff and Governors on equality issues with reference to the Equality Act 2010. This Accessibility Plan should be read in conjunction with the following Academy policies, strategies and documents:

- Equality and Diversity Policy
- Special Education Needs Policy
- Behaviour Policy

Equality Impact Assessments will be undertaken as and when Academy policies are reviewed. The terms of reference for all Governors' committees will include the need to consider Equality and Diversity issues as required by the Equality Act 2010. The Accessibility Plan will be published on the Academy website. The Accessibility Plan will be monitored through the Governor for SEND. The Academy will work in partnership with the Local Authority in developing and implementing this Accessibility Plan. The Accessibility Plan may be monitored by Ofsted during inspection processes in relation to Schedule 10 of the Equality Act 2010.
