1. Scope of the policy

At Landau Forte Academy QEMS and Sixth Form we aim to support the development of all students' mental, physical, spiritual and health needs. Our aim is to ensure that students are prepared for the increasingly complex world we live in, equipping them with the necessary skills, capability and confidence to succeed in all aspects of their lives.

Our PSHE and RSE Curriculum is wide-ranging and carefully planned to take into account students' age, developmental stage and prior understanding. We aim to teach sensitively and inclusively, taking into consideration the background and beliefs of students, always providing students with an understanding of the law and legal implications of their actions.

The aims of PSHE and RSE at our school are to:

- Provide a framework in which sensitive discussions can take place.
- Foster self-esteem, independence and responsibility.
- Prepare students to deal with key aspects of everyday life.
- Develop a healthy, safer lifestyle
- Develop good relationships and respect the differences between people.
- Create a positive culture around issues of sexuality and relationships

2. Purpose of the policy

As a secondary academy school we must provide PSHE and RSE to all students as per section 34 of the Children and Social work act 2017.

In teaching PSHE and RSE, we are required by our funding agreements to have regard to <u>guidance</u> issued by the secretary of state as outlined in section 403 of the <u>Education Act</u> 1996.

At Landau Forte Academy QEMS and Sixth Form we teach PSHE and RSE as set out in this policy.

3. Policy Detail

This policy has been developed in consultation with staff, students and parents during the academic year 2020-21. The consultation and policy development process involved the following steps:

- 1. Review a member of staff pulled together all relevant information including relevant national and local guidance.
- 2. Staff consultation all school staff were given the opportunity to look at the policy and make recommendations.
- 3. Parent/stakeholder consultation parents and any interested parties were able to submit feedback.
- 4. Student consultation we investigated what exactly students want from their PSHE and RSE lessons.
- 5. Ratification once amendments were made, the policy was shared with governors and ratified

4. Definition

Personal, Social Health Economic Education (PSHE) is about the qualities, attitudes, knowledge and understanding, competencies and skills in relation to oneself and others. It aims to foster self-esteem, independence and responsibility as well as preparing students to deal with key aspects of everyday life.

Policy Number: LFTSFQ/0027

Version: 2

Relationships and Sex Education (RSE) is about the emotional, social and cultural development of students, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity. RSE involves a combination of sharing information, and exploring issues and values. RSE is not about the promotion of sexual activity.

The PSHE and RSE curriculum is concerned with helping students prepare for the range of roles they will fulfil in life.

5. Curriculum

The curriculum has been developed in accordance with national guidance. The Landau Forte Academy QEMS and Sixth Form Programme of study covers the 3 PSHE themes:

- Healthy Lifestyles
- Wider World
- Relationships and Sex Education (RSE)

We will have developed the curriculum in consultation with parents, students and staff, taking into account the age, needs and feelings of students. If students ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't feel they need to seek answers online.

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary.

6. Delivery of PSHE and RSE

At Landau Forte Academy QEMS and Sixth Form we aim to support the development of all students' mental, physical, spiritual and health needs. Our aim is to ensure that students are prepared for the increasingly complex world we live in, equipping them with the necessary skills, capability and confidence to succeed in all aspects of their lives.

Content is delivered in PSHE lessons, Science lessons, Gatherings (assemblies), external speakers (including the School nurse, theatre groups, charities) extra-curricular activities, tutor time activities and Personal Development Days.

Content is delivered in a sensitive and open manner. Students' age and background are taken into account when dealing with these issues. Some issues are dealt with in smaller groups or on a one-to-one basis. A safe and supportive climate is promoted, with all students' views and opinions being respected, but misconceptions dealt with appropriately.

Our PSHE and RSE Curriculum is wide-ranging, carefully planned to take into account students' age, developmental stage and prior understanding. We aim to teach sensitively and inclusively, taking into consideration the background and beliefs of students, always providing students with an understanding of the law and legal implications of their actions.

For more information on the PSHE and RSE curriculum please see Appendix 1.

7. Roles and responsibilities

7.1 The Governing Board

The governing board will approve the PSHE and RSE policy, and hold the Principal to account for its implementation.

7.2 The Principal

The Principal is responsible for ensuring that PSHE and RSE is taught consistently across the school, and for managing requests to withdraw students from non-statutory/non-science components of RSE (see section 8).

Policy Number: LFTSFQ/0027

Version: 2

7.3 Staff

Staff are responsible for:

- Delivering PSHE and RSE in a sensitive way
- Modelling positive attitudes towards all elements of PSHE and RSE
- Monitoring progress in accordance with school policy
- Responding to the needs of individual students
- Responding appropriately to students whose parents wish them to be withdrawn from the non-statutory/non-science components of RSE

Mrs Rose will coordinate and lead on the delivery of PSHE and RSE in the Academy supported by various members of staff and suitable visitors.

7.4 Students

Students are expected to engage fully in PSHE and RSE. Students will be encouraged to assess evidence, negotiate, make decisions, solve problems, work independently and in groups and learn from each other. When discussing the sensitive and controversial elements of PSHE and RSE students are expected to treat others with respect and sensitivity.

8. Parents' right to withdraw

Parents have the right to request to withdraw their children from the non-statutory/non-science components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

Requests for withdrawal should be put in writing and addressed to the Principal. A copy of withdrawal requests will be placed in the student's educational record. The Principal will discuss the request with parents and take appropriate action.

Alternative work will be given to students who are withdrawn from the sex education element of RSE.

9. Training

Staff have the opportunity to attend training on PSHE and RSE as part of their CPD.

The Principal will also invite visitors from outside the school to provide support and training to staff teaching PSHE and RSE. This may include sexual health professionals and other suitable external agencies.

10. Monitoring arrangements

The delivery of PSHE and RSE is monitored by the senior leadership team through:

- Planning scrutinies
- Learning walks
- Observations

Students' development in PSHE and RSE is monitored by class teachers to ensure misconceptions are addressed and that students have a good understanding of the topics covered.

Appendix 1: KS3 and 4 curriculum

Parents have the right to request that their child be withdrawn from some or all of sex education delivered as part of statutory RSE (This is shown in the final column on the table below, titled Intimate and sexual acts including sexual health) but not the relationships or health education elements. These elements will be taught as individual lessons over the year. The school should respect the parents' request to withdraw the child, up to and until three terms before the child turns 16. After that point, if the child wishes to receive sex education rather than be withdrawn, the school should make arrangements to provide the child with sex education.

Year 7

| Healthy Lifestyles | Living in the Wider World | Relationships and Sex Education | Intimate sexual acts including sexual health |
|--|---|---|--|
| What do we mean by a healthy lifestyle? | How can we be resilient and face challenges? | Transition into secondary school | |
| How can I keep healthy? Food groups, diet and nutrition. | What is the NHS and how does it work? | Keeping good friendships and avoiding toxic ones. | |
| Healthy Living – exercise and keeping active. | The importance of self-esteem. | Family relationships – the different types and why we don't always get along | |
| Not eating healthily - what are the consequences? | Protected Characteristics | Love and relationships – falling in love and dealing with new feelings. | |
